TECHNICAL SKILLS

HTML   CSS/SASS

Javascript   jQuery

React   Ajax

Lodash   node.js

EXPERIENCE

Web Developer Intern   Dallas, TX
Take Us Out   Oct 2016-Present

- Pair-programming with the lead web developer for a local startup's main website
- Working with Visual Studio, Git, Trello, HTML, and SASS to help develop fully responsive web pages in association with the lead graphic designer

Front End Student   Dallas, TX
The Iron Yard   July 2016-Sept. 2016

- Developing a text-based fighting game, TypeFight, in React.js to help people improve their typing speed and accuracy in a fun and interactive way: typefight.click
- Making DFW Free Code Camp's website flexible and responsive: http://dfwcodecamp.com/
- Mapping and filtering an array of objects to specify which information we want to show from a user data base.
- Creating an interactive To-Do list and Guestbook list using RESTful APIs to store data on a server complete with an option to strikethrough or delete an item
- Using RESTful APIs to get data from various databases such as Github and Etsy to display them on a webpage
- Implementing various Javascript concepts including:
    1. how to display more text when "Read More" button is clicked (i.e. Amazon)
    2. flipping through an image gallery
    3. recreating Gmail's sidebar menu

4. making a simple calculator
5. using setTimeout and setInterval to make an object move across the screen
6. Object-oriented programming
- Using Lodash templating to insert DOM elements from our Javascript files
- Creating an ice cream shop website from scratch using HTML and CSS
- Recreating HackerNews's page layout
- Making a standard blog layout from scratch
- Recreating the HTML and CSS of Make This Year's website: http://makethisyear.com/

Front End Intern   Dallas, TX
GetPunch   June 2016-July 2016

- Creating a local Dallas startup's mobile landing page
- Sketching out the draft on Balsamic
- Working with Bootstrap framework combined with CSS to help design their landing page

ESL Lecturer   Thailand, China, Indonesia, Vietnam, Malaysia, and the USA
Various educational institutions   May 2007-Aug. 2015

- Teaching and evaluating the English language to students ages 13 – 60+ in a variety of educational institutions including colleges, private language schools, high schools, and junior high school
- Traveling and working in six different countries therefore having to adapt and adopt to various cultures, people, customs, working environments, languages, and food
- Providing students opportunities they may have never been able to reach without the knowledge of the world's lingua franca – English

EDUCATION

Front End Engineering Certificate   Dallas, TX
The Iron Yard   Sept. 2016
Three month intensive program

Master of Arts in Teaching English to Speakers of Other Languages   Orlando, FL
University of Central Florida   May 2010
Overall GPA: 4.0

Bachelor of Science in Psychology   Dallas, TX
Southern Methodist University   May 2006

PROFESSIONAL PRESENTATIONS

Sunshine State TESOL Conference   Miami, FL
Invited Speaker: Passports, Pedagogy & Pitfalls: Advice about Teaching Abroad   April 2009

PERSONAL SKILLS

Presentations
Experience presenting at teaching conferences as well as seven years teaching in a classroom.

Teaching
Able to explain concepts in a clear, precise, and easy-to-understand way. Achieved teacher excellence awards throughout my career as a teacher.

Structured and efficient planner
Developing curriculum, exams, and daily lesson plans for seven years has taught me how to be well-prepared.

Excellent teammate
Experience in co-teaching and working closely with a multitude of different cultures, people, and administrations will transfer over wonderfully to pair-programming and working together with a team of programmers.
